Intro: You and are born to soar. And whether with the speed of an eagle or falcon or the grace of a butterfly or dove, there are times when the way we interpret life circumstance inhibits our ability to fly.

Verse: There are times when my path through life seems like scaling a mountain, and I wonder how in the world will I make the climb. Through the clouds of fear, I see no sunlight shining. With no relief in sight, I feel that I'm losing my mind. Deep down I know there's a place where I can, where the troubles of this world can't hold me bound. Where I am free to be the transcendental me. No limitations, no frustrations, no dark clouds.

Chorus: I'd like to fly away to a clear and brighter day, to the place where love and harmony abide; where I can sing my song and the world will sing along; to the place where doubt and fear are cast aside.

Verse: And if you want to know what bothers me, it's not hard to understand. The deprecation and disharmony have really gotten out of hand. We all have to share responsibility, I know there's work to do, but every now and then I've got to get away to find the strength to make it through. So I decide just where I want to be, I pack my bags and go to a special place inside of me where the healing waters flow.

Chorus: Where I can fly away to a clear and brighter day; to the place where love and harmony abide, where my soul can sing its song and the world will sing along.

BG: To the place where doubt and fear are cast aside.

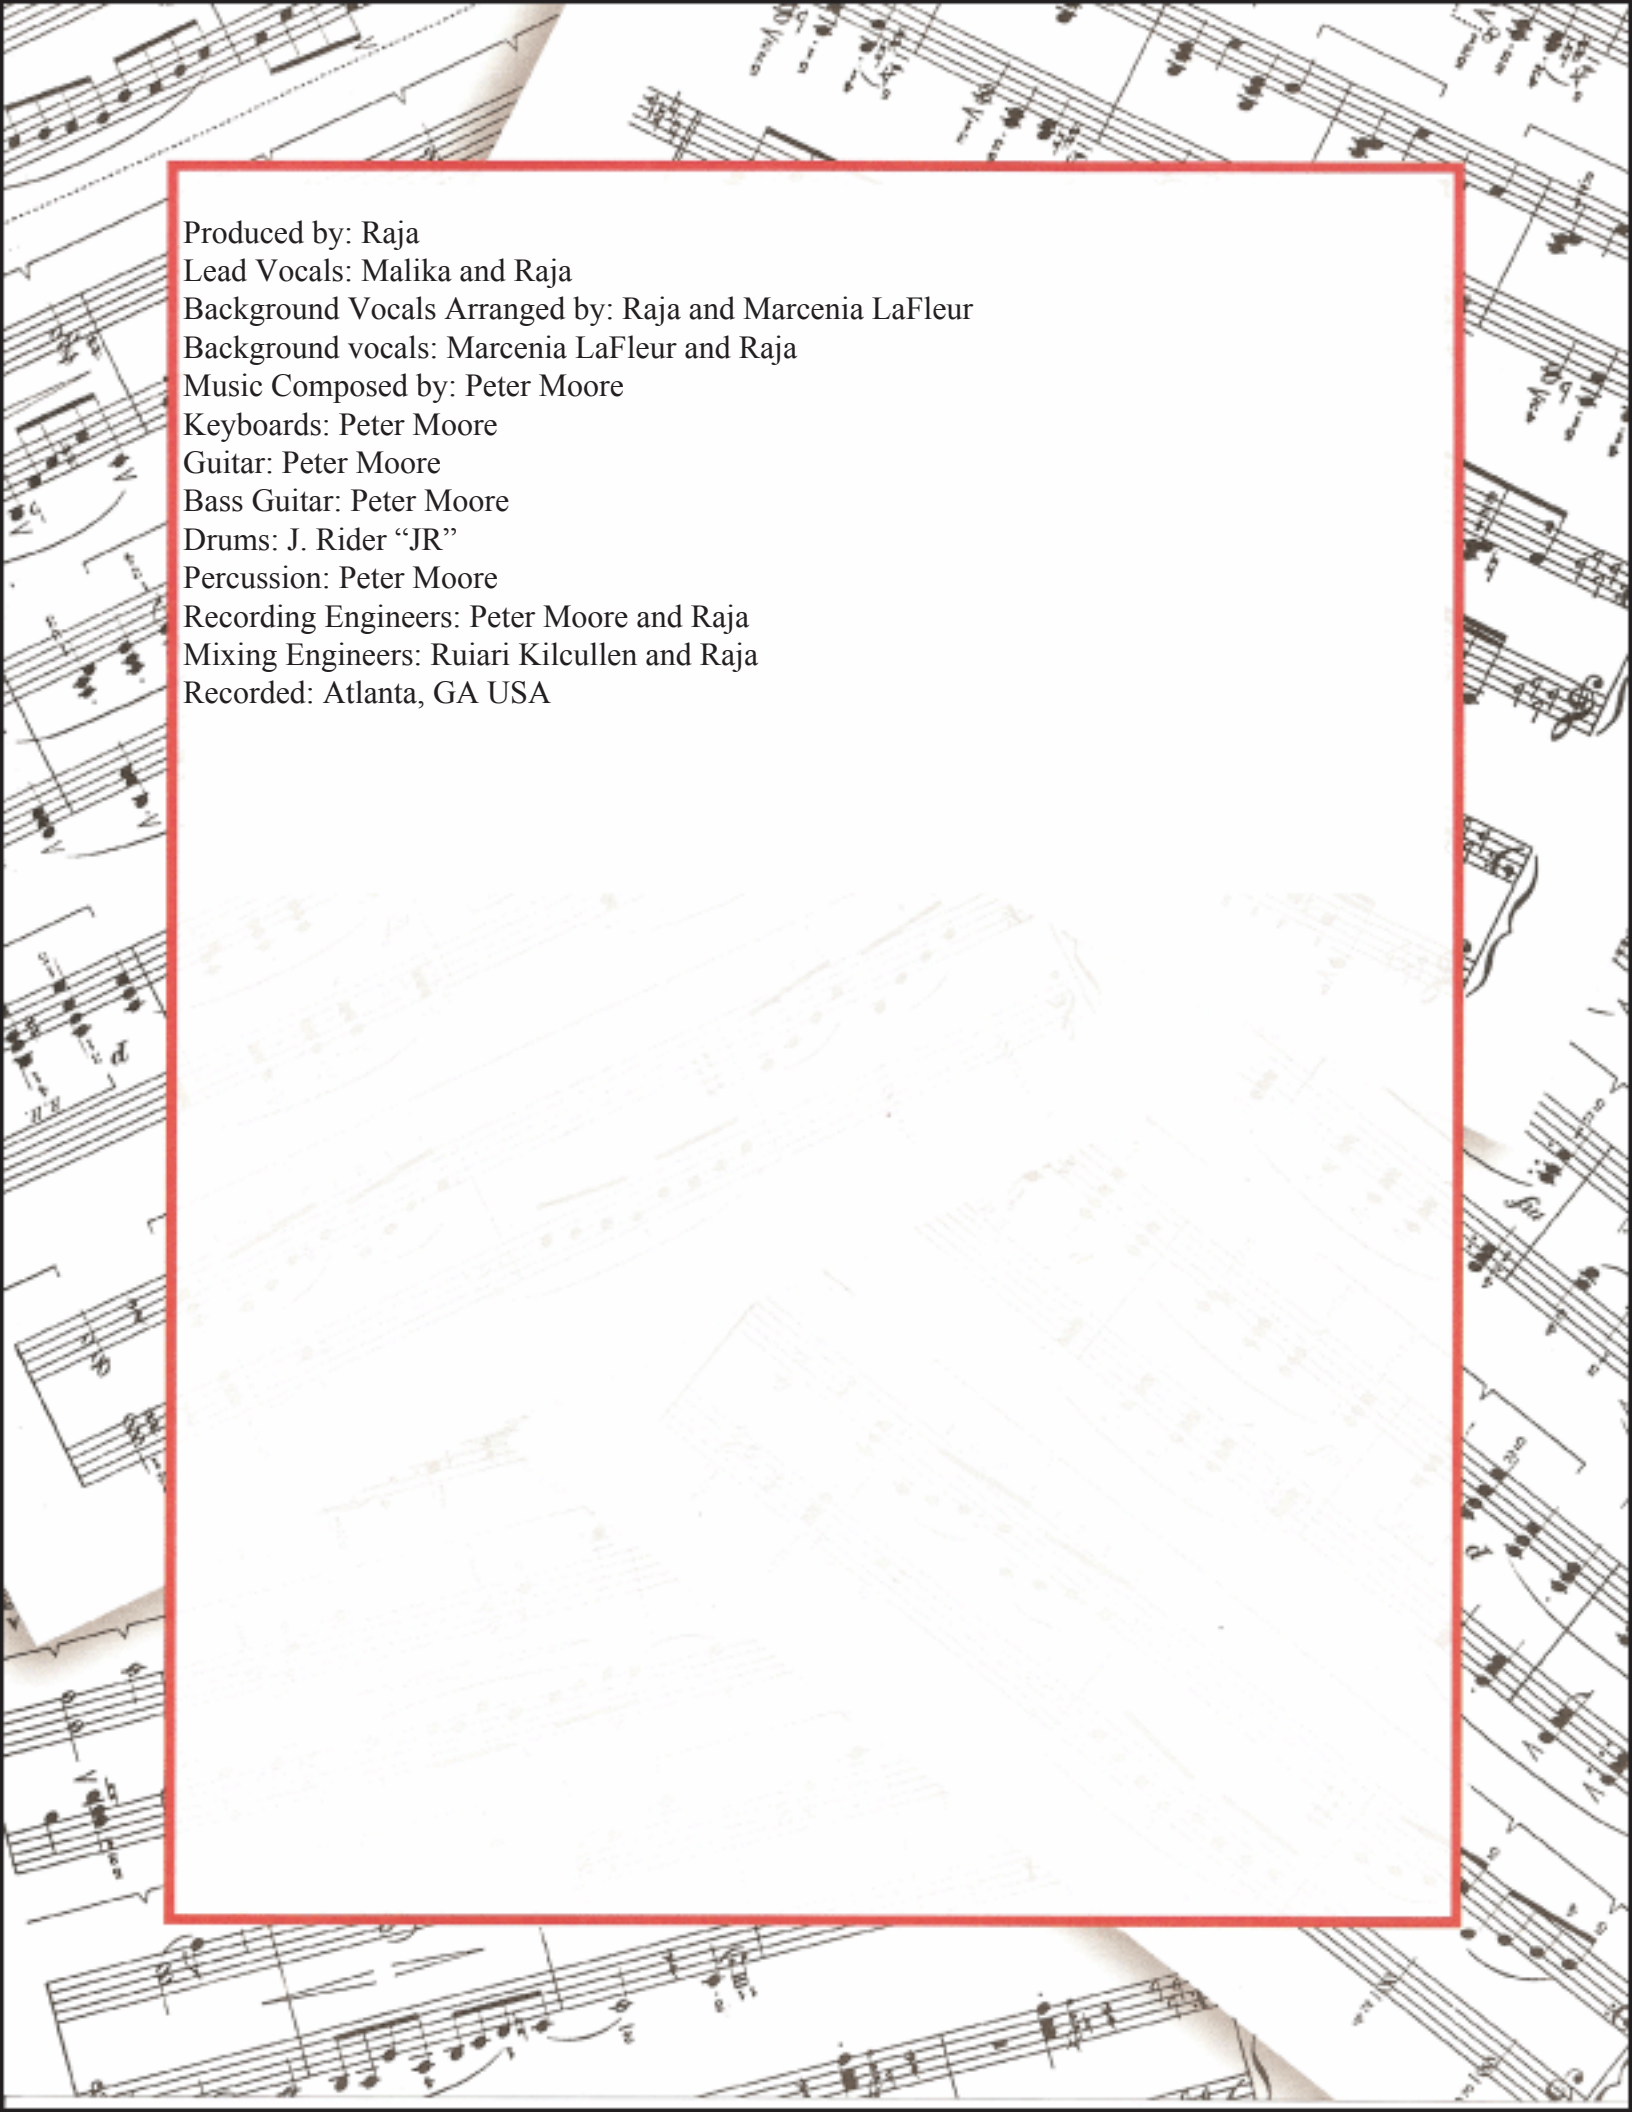

Verse: I never thought there'd be true happiness for me, so I settled for survival, made getting by my destiny. But I've reconnected with my dreams, and as I spread my tender wings, like the butterfly I Am, I fly away.

BG: Spread my wings and I can fly away

Spoken: I AM Unlimited Airlines, you are clear for takeoff on the inside runway. Good evening, this is your captain speaking, the fog has lifted we are clear for takeoff. Though we may experience mild turbulence along the way, the forecast is clear and sunny for the duration your journey. Vamp: Spread my wings and fly away, doubt and fear are cast aside, in the place where love and harmony abide.

Deep down inside, where I can wade in the sea; stormy weather don't bother me.

The background of the image is a collage of various musical sheet music staves, some in black ink and some in a faded, light brown color. The staves are arranged in a non-linear, overlapping fashion, creating a textured, artistic backdrop. A prominent red rectangular border frames the central text area.
